

ACTION PLAN OUTLINE

Contents

The Action Plan Outline summarizes administrative procedures and specific environmental projects for your marina. Implementing these elements may have a positive influence on the environmental impact of your waterfront site.

An effort has been made to include as much detail as possible, but parts of the project have yet to be decided. The presentation shows examples of various construction elements and accessory structures and a site plan components, by example.

- 1.0 Executive Summary & Structure**
 - 1.1 Objectives / Commitment
 - 1.3 Site Assessment
 - 1.4 Start-up Summary / **Project Team Components**
- 2.0 Industry Review / Education**
 - 2.1 Clean Marina Overview
 - 2.2 Waterfront Standards
 - 2.3 Competitive Advantage / Market Strategy
- 3.0 Scope of Action Plan**
 - 3.1 Project Assessment (i.e. Solar, IAQ, Recycling, Waste Management, Energy Conservation, Community Education, Emergency Preparedness)
 - 3.2 **Funding Possibilities**
 - 3.3 **Procedures / Management Practices**
 - 3.4 Sequence of Events
- 4.0 Site Plan**
 - 4.1 General Layouts
 - 4.2 Site Elements
- 5.0 Financials**
 - 5.1 Discussion
 - 5.2 **Estimated Budgets**
 - 5.3 Applicable Pro Forma
 - 5.6 Performance Goals
- 6.0 Maintenance / Operations / Monitoring**
 - 6.1 Reporting Procedures – **Waterfront Learning Laboratory**
 - 6.2 **Community Involvement**
- 7.0 Outline Summary**
 - 7.1 Administrative Recommendations
 - 7.2 Proposed Action Plan Projects
- 8.0 Appendix**
