

Ultra-Marina Response Kit

Be prepared with everything you need to respond to your next spill.

- Respond quickly to oil spill and leaks at marinas, docks, piers and boat ramps - entire kit fits inside of wheeled polyethylene drum (included).
- Six foot long Oil Booms are made with Ultra-X-Tex material, a recycled material that is capable of absorbing 20 times its weight in oil.
- Booms can be connected to surround larger spills.
- Shaker of Ultra-Microbes can be used to dispense oil-eating microbes on spill and begin the bioremediation process.
- Oil Stain remover quickly and effectively removes stains from piers, docks and marina floors.
- Oil Mop can be used to quickly respond to small leaks or spills.

Kit Includes:

- 1 Ultra-Wheeled Overpack 95 gal.
- 2 (4) Ultra-Oil Filter Booms
- 3 Ultra-Microbes Shaker 28 oz.
- 4 Ultra-Oil Stain Remover 16 oz.
- 5 Ultra-Oil Mop (+5 replacement pads)
